REQUEST FOR QUOTE FOR INSTALLATION OF A NON-PROFIT SOLAR PROJECT

Summary

The Olympia Little Theatre with the support of Olympia Community Solar is seeking a quote from a qualified firm to install a commercial solar energy installation on the theatre in late 2023. Olympia Community Solar is partnering with the Theatre to develop and fund the solar project on the non-profit owned and occupied building.

SITE VISIT

Project partners will host a site visit on September 19 at 10:00AM PST.

SITE ADDRESS

1925 Miller Ave NW, Olympia 98506

PROPOSAL SUBMITTAL

Please submit a proposal in PDF form to the points of contact by 5:00pm on October 7th.

BASIC REQUIREMENTS FOR PROPOSING FIRMS

- Must be registered, or indicate that they will register, with the appropriate Business License divisions in Mason County and in good standing to be considered for this project.
- Must be a general contractor and must hold an active Contractor Registration with Washington State Department of Labor and Industries.
- Must prove and maintain Workers' Compensation and Employer's Liability insurance.

Site Visits	September 19th at 10:00AM
Proposals Due	October 7th by 5:00PM
Firm Selected	October 14th
Installation Work Start	Q2 2023

PROPOSAL FORMAT AND EVALUATION CRITERIA

Please create project proposals in 8½" x 11" document size using a minimum 12-point font

size. Proposals shall not exceed 15 pages, including cover page, cover letter and any appendices and/ or attachments.

I. Cover letter

A. The cover letter shall discuss the highlights, key features and distinguishing points of the Proposal. The cover letter must be prepared and signed by a manager having the authority to make offers and enter into financial agreements on behalf of the firm.

II. Proposing firm profile

A. Detail the proposing firm's size and local organizational structure. Describe the demonstrated experience of the firm in designing and installing commercial solar electric systems. Please note any significant installations by the firm in Mason County.

III. Qualifications of the project team

A. Identify key personnel for this project including roles, experience, licenses, and certificates (e.g., NABCEP), with corresponding numbers as appropriate. Key personnel should include at a minimum: Owners/Principals; Project Managers; Designers; Installers.

B. Identify any subcontractors the firm plans to use.

IV. Business practices

A. **Work practices:** Address the firm's health and safety record and practices. Identify any communications with the Washington State Department of Labor and Industries and state or federal human rights agencies regarding workplace issues in the last 3 years.

B. **Liability:** Provide information on the level of insurance the firm has and provide copies of certificates.

C. **Workmanship Warranties:** Describe your workmanship warranties.

D. **Wages and Labor Practices:** Provide information about labor practices, including your commitment to providing family wages, benefits, apprenticeships, or mentoring programs.

V. Work quality

A. Explain why the products included in the proposal are appropriate for this project.

- B.** Provide descriptions of warranties and support that ensure the long-term durability, operation, and maintenance of PV installations. Please describe any system monitoring capabilities or production gauges included. **Please attach the manufacturer's specification sheets and warranty information for each major piece of equipment.** Please indicate the equipment's location of origin.
- C.** Include a solar production estimate. If the proposal includes modules on multiple different roof orientations, please factor each orientation into your production estimate.

VI. Customer service

- A.** Describe how the firm plans to handle incident reports (trouble, warranty, service calls, and inquiries). Discuss the firm's typical response time on calls, hours of coverage for customer service calls, and process for providing status reports after an incident is logged.
- B.** List any complaints received by the Better Business Bureau or the Washington Attorney General's office over the last 3 years.
- C.** Describe the training the firm provides the host including materials or manuals, customer care books, and/or support for later questions and system performance.

EXHIBIT A

Olympia Little Theatre

Olympia Little Theatre is a mainly volunteer run community theater with one part-time employee, a working Board of 12 and almost 100 volunteers annually. We perform 7 theatrical productions annually. Our mission is “Quality Entertainment at an affordable price” with an emphasis on offering access and involvement in all aspects of theater. We are a 501(c)3 tax exempt non-profit organization.

We own the property and buildings at 1925 Miller Ave SE Olympia, WA 98507, The main Theatre building, is one story mainly concrete block structure that houses an 108 seat theater, a greenroom, lobby, 2 dressing rooms, a small office, a light/sound/video technical booth and two small storage rooms. There are 5 bathrooms in the building as well as two additional sinks that require hot water. The southerly Annex building houses a workshop, and storage for properties, sets and costumes and has a small bathroom and two sinks that need hot water.

The Theatre building was constructed in the mid 1940's and remodeled in 2013 with an insulated “torchdown” roof. The ANNEX building was constructed in the mid 1970's and remodeled and increased in size in the 80's and 90's and has a similar roof. Either building could be used for panels subject depending on which would provide the best base and solar exposure.

The buildings are serviced by Puget Sound Energy and collectively consume an average of 63 kWhs per day through two meters, both using Commercial 24 Tariff. Last year the Theatre and Annex consumed about 22,995 kWhs.

Hard copies of the building's plan sets may be available during the site assessment.

Definitions

Electric

- Basic Charge** — Covers the costs for meters, meter reading, billing and other costs that do not vary with energy use or the number of days covered by the bill.
- Multiplier** — Converts the amount of electricity used as measured by your meter into kWh.
- kWh** — Your use of electricity is billed in units called kilowatt hours. It is a unit of energy that equals 1,000 watts of electricity consumed in one hour.
- Energy Exchange Credit** — Federal Columbia River Benefits supplied by Bonneville Power Administration from low-cost power generated by federal hydroelectric dams.
- Other Electric Charges and Credits** — Includes the Conservation Program and Power Cost Adjustment (if any) charges, and the Merger, Federal Wind Power, and Renewable Energy credits.

Natural Gas

- Basic Charge** — Covers the costs for meters, meter reading, billing and other costs that do not vary with energy use or the number of days covered by the bill.
- CCF** — Your meter measures the volume of natural gas used in hundreds of cubic feet.
- Btu Factor** — Converts your CCF energy usage into therms by adjusting it for actual heat content. Btu stands for British Thermal Unit.
- Therm** — Your use of natural gas is billed in units called therms. It is a unit of heat that equals 100,000 Btu.
- Other Natural Gas Charges and Credits** — Includes the Conservation Program charge and the Merger credit.
